

# Instructions for printing, trimming and folding your personal Debit Mastercard® features and benefits card.

1

## Print this page at 100%

In your printer setup options make sure that you print at 100% scale and do not select the “scale to fit” page option.

2

## Trim on the dashed line

Using scissors, carefully trim around the four sides of the benefits card.

3

## Fold card

Using the arrows as your guides, fold the card in three places.
