Mobile Wallet

HOLD. TAP. PAY.

Ulster Federal Credit Union is pleased to announce that our debit- and credit-cards are now certified for use with Apple Pay, Google Pay (a.k.a. G-Pay), and Samsung Pay.

When using your phone to pay in stores, the Visa® Token Service replaces the sensitive account information with a unique digital identifier called a token, which allows payments to be processed without exposing actual account details.

To pay, simply swipe/tap your phone over the terminal. Millions of US- and international- locations now accept Apple- Google-, and/or Samsung-Pay, and these “wallets apps” can even be used on many websites.

To get started:

- 1) Find the Payment app on your smartphone (or download it for free from your app store).
- 2) Add your Ulster FCU debit or credit card either manually, or by snapping a picture of it.
- 3) Follow the instructions for registration. Contact us for assistance.

Look for the logos on, or around your favorite store’s checkout counter:

Paying in stores has never been easier, safer, and more private!
