

Pencil Us In!

Summer schedule filling up already? We know how crazy summers can be with camps, vacation, sports, field work and chasing the sun. With all that, can you pencil us in for our Annual Membership Meetings on July 20th? This year the meeting will be held virtually to allow our members to participate from anywhere! We'll keep the meeting short as we update on recent projects, new products and services and what's to come! This is also a great opportunity for members to share feedback and ask questions.

The Annual meeting report will be posted on our website prior to this year's 86th Annual Meeting of Members.

Plan now to virtually attend Sky's 86th Annual Meeting of Members on Wednesday, July 20th at 5pm MST.

Caring for Our Members

At Sky Federal Credit Union one thing we take very seriously is caring for our members. This statement goes beyond just caring about your finances which is why we are proud to now offer members access to Kasasa Care™. You may be familiar with the name Kasasa based on the Kasasa Tunes, Kasasa Cash and Kasasa Cash Back checking accounts Sky FCU has offered for many years.

Kasasa Care™ offers our members access to life solutions from industry leaders all in one place with services ranging from health insurance to life insurance to personal property protection. Through Kasasa Care™ members pick and choose only what they need:

- Identity Protection: Protect yourself, or your whole family, from fraud and identity theft
- Health Insurance: Compare health insurance plans and work with licensed advisors to find the right coverage
- Prescription Savings: Find the best prices on the prescription meds you need
- Vision Insurance: Select the vision coverage that best meets your needs or the needs of your family
- Dental Insurance: Check out these coverage options to meet your health care needs
- Medicare: Compare plans, enroll in coverage, and get help from licensed Medicare advisors
- Life Insurance: Term life insurance options to help cover your debts
- Electronic Device Protection: Coverage options ranging from one smartphone to a whole bundle of devices
- Personal Property Protection: Protection for the contents in your home

Choose Your Own Adventure

Remember reading those “choose your own adventure” books where you could pick between a couple options at the end of each chapter and build our own story? Well, let’s bring that style of adventure back this summer, but IRL (in real life)! Sky FCU can help you choose your own adventure—adult style. With a loan from Sky you can do just that! With a Recreational Vehicle Loan, the next chapter could have you picking between a day on the lake in a new boat or a mountain view in a new camper. Choosing an ECO Auto Loan could have you saving on current interest rates while avoiding high prices at the gas pumps. Or, turn the page with a Home Equity Line of Credit.

Sky Federal Credit Union offers a loan for every reason and every season. [Check out all the options](#) so you can choose your own adventure this summer with Sky!

Getting Down to Business

Nothing is worse than not knowing where to turn for help as a business owner. That’s why we’re here to help. Sky Federal Credit Union is happy to now partner with Total Merchant Concepts (TMC) to provide credit card processing services. Here are a few attributes that we think are key in choosing a credit card processor:

- **Integrity:** A processor with integrity will guide you to the RIGHT processing solution regardless of their financial gain.
- **Knowledge/Expertise:** With the complex pricing structure and various ways to accept credit cards, having a trusted partner who keeps up with the changes is important.
- **Exceptional Service:** If your credit card processing equipment isn’t working, you need to trust that someone is there to get you back up and running. We strongly recommend checking references and consider how you heard about the company.
- **Competitive Rates:** Processors should provide competitive rates and transparency in their fee structure.
- **Partnership Mentality:** When your credit card processor has a partnership mentality you will reap the benefits!

Contact Sky FCU today to learn more about credit card processing services.

Quick Reminder

Summers can be hectic but banking doesn’t have to be! If you are on the go and need financial services on a Saturday don’t forget that our Sky FCU branch located in the Bozeman Walmart is open on Saturdays! For your convenience the branch is open from 9 am to 4 pm on Saturdays.

Growing?

We hope so! Agriculture is the backbone of Montana—a fact we fully support here at Sky FCU. In an effort to better support the needs of area farmers and ranchers, Sky added agriculture loans to our repertoire. Farm and ranch loans can be used to purchase real estate, livestock, equipment, supplies, land or a working line of credit. As with all loans offered at Sky FCU, ag loans have competitive rates, with either fixed or variable rate options available. All loans come with flexible terms and payments options to fit your budget. And, loan decisions are made locally by our team who truly understand the needs of our members. Get all the details or apply for an [agriculture loan from Sky FCU](#).
