

Your student is working hard at school and we would like to reward that.

TRISTAR BANK®

STAR

STUDENT PROGRAM

TriStar Bank realizes the need to encourage and recognize all students in excelling to their highest academic potential in both grades and attendance. We therefore are offering "The TriStar Bank *Star* Student Savings Program." This plan was conceived to encourage, help develop, and to reward our students, K-12, who perform their best in academics and attendance.

We wish to encourage all students to participate in this savings program. Along with getting great grades and earning extra money for attendance, your student may be introduced to earning and saving money for the first time. We at TriStar Bank want to share this experience with them. Please encourage your student to take part in this reward program.

Here is what you need to do:

- **Bring your student in to TriStar Bank and open their savings account***
- **Within one (1) week of reports being issued bring your student in for their reward for this grading period**

Your Reward!

- **One dollar (\$1.00) for each "A", "X", or 2 (Kindergarten) up to five (5) on the report card****
- **Ten dollars (\$10.00) for perfect attendance*****

*Forms of identification accepted to open account include but not limited to the social security card, birth certificate, student ID card, firearm license, passport, or state driver's license.

**Showing the actual report card is required. The reward money must be deposited into their TriStar Bank Youth Savings Account and must remain in their savings account until June 30 of the current school year. The last day to bring in your report card is June 30, 2025.

***There must not be any excused or unexcused absences or tardies. If any missed absences occur on the student's record within the current report card time will automatically disqualify the student from the additional funds for perfect attendance, but they may try again the next grading period. Virtual learners and home school students will also qualify for the attendance reward.
