Building Expansion

The expansion is taking shape and it's nice to see the structure up. Contractors are working on completing the exterior items and have moved inside the expansion area. December 27, 2021, the contractors will be starting with the remodel of the few areas in the current portion of the building. Our lobby hours won't change. You will see quite a bit of activity going on, but it should be business as usual. There are a couple different phases to the remodel in the current building, and you will see some movement of the employees to other locations in the building until each phase is completed. We appreciate your continued cooperation through this process. We are looking forward to re-opening expanded member access from the north parking lot, additional parking, and the much needed staff office space now and for future growth.

USPS Changes May Impact Your LCU Mail

The United State Postal Service (USPS) implemented changes to their service standards for First-Class Mail. Delivery, depending on distance, can now take up to five days. We have many self-service products that you might consider to help avoid delays:

- Online Bill Payment
