# COUNTDOWN TO Mother's Day

GET READY TO SPOIL YOUR MOM!

Spring is here, which means Mother's Day is just around the corner! You know she spoils you every day of the year, so why not make her day a little extra special by spoiling her back? If you don't have money to spend on your mom, that's okay! All you need is a little time, love, and these ideas to get you started.

- Bring her breakfast in bed.** Surprise your mom first thing Mother's Day morning by preparing her favorite breakfast and serving it to her on a tray before she even gets out of bed! Enlist the help of your dad or an older sibling to help you with the prepping and cooking.
- Create your own custom coupons.** We all know moms like extra help with chores. Show your mom you care about her by creating a coupon book for her to use when she needs help with chores. Each coupon inside can offer your happy assistance with dishes, vacuuming, baking, cleaning, and even massaging mom's back!
- Write a meaningful message.** Moms never get tired of hearing how much you love them. Make your mom a Mother's Day card, and inside the card tell her why you love her and all the reasons you appreciate her. That way she can read your heartfelt words any time she wants to!
