

What's EULA?

The acronym EULA stands for “end-user license agreement” and represents the agreement between you and Service 1 FCU to access your accounts with It'sMe247 Online Banking (*both mobile and desktop platforms*).

Why do I need to know?

On **Tuesday, April 22, 2025**, our online banking third-party partner will implement an updated online banking end-user license agreement (*EULA*) system, requiring ALL members to re-accept the agreement in order to log into It'sMe247 Online Banking.

What's Changing?

Our provider is implementing a system update to better serve members in the future with increased transparency and history of enrollment changes.

Specifically, members will have access to a new dashboard within It'sMe247 Online Banking that displays the history of agreement acceptance, allowing the review of prior versions. Service 1 FCU will also have the ability to maintain more robust records for an enhanced member experience.

Special note: *the content of the current It'sMe257 Online Banking EULA will NOT change with this update.*

What Do I Need to Do?

Members will be required to re-accept the agreement (*EULA*) when logging into It'sMe247 Online Banking on **April 22, 2025** and later (*you will only need to accept the agreement once*).

There are NO changes to the It'sMe247 Online Banking platform, features, or agreement at this time. Future changes to EULA—including any customized messaging—will require all members to re-accept the agreement. Click to review the [current EULA agreement](#) OR log in to It'sMe247 Online via desktop computer and click “Help,” then search “agreement.” For assistance, please call (800) 879.9697.

Thank you for choosing Service 1 FCU!
