### BEWARE! - PHONE PHISHING SCAMS

Telephone scams have been hitting our members harder than ever – from a few dollars to thousands! Beware of phishing calls from the IRS, credit card companies, charities and so many more. To keep your personal information and money safe, here are some main red flags:

- Wanting payment in the form of a prepaid debit or gift card, money order, or bank wire
- Telling you not to contact anyone until you send the payment
- Asking you to “verify” your information such as, full Social Security, full credit card number or banking login information

If you receive a suspicious call, hang up immediately. If the call is from a known company, call the company directly from a trusted number to confirm the legitimacy of the call. Do not make any payments over the phone or give any of your online banking information away. Instead, ask for them to mail you a paper bill to the address they have on file for you. If you believe you’ve been scammed and at risk of identity theft, call us at 800-647-8428.
