Supporting the Police

At MMCU, we believe that it is very important to support our area police departments. They do their best to keep us safe and to help us when we need them.

One day, we took lunch to the officers in Bethalto, East Alton, Roxana, and Wood River. On another day, we visited the Granite City and Maryville Police Departments. We brought yummy sandwiches, a variety of chips, a cake, cookies, and water.

It is so good to show them that we appreciate all the great things they do for our community.

Do YOU know any police officers?

Chain of Rocks Canal

Money Dog loves getting out in nature! On this day, he was visiting the Chain of Rocks Canal. It is a beautiful, very peaceful place just outside the busy city of Wood River.

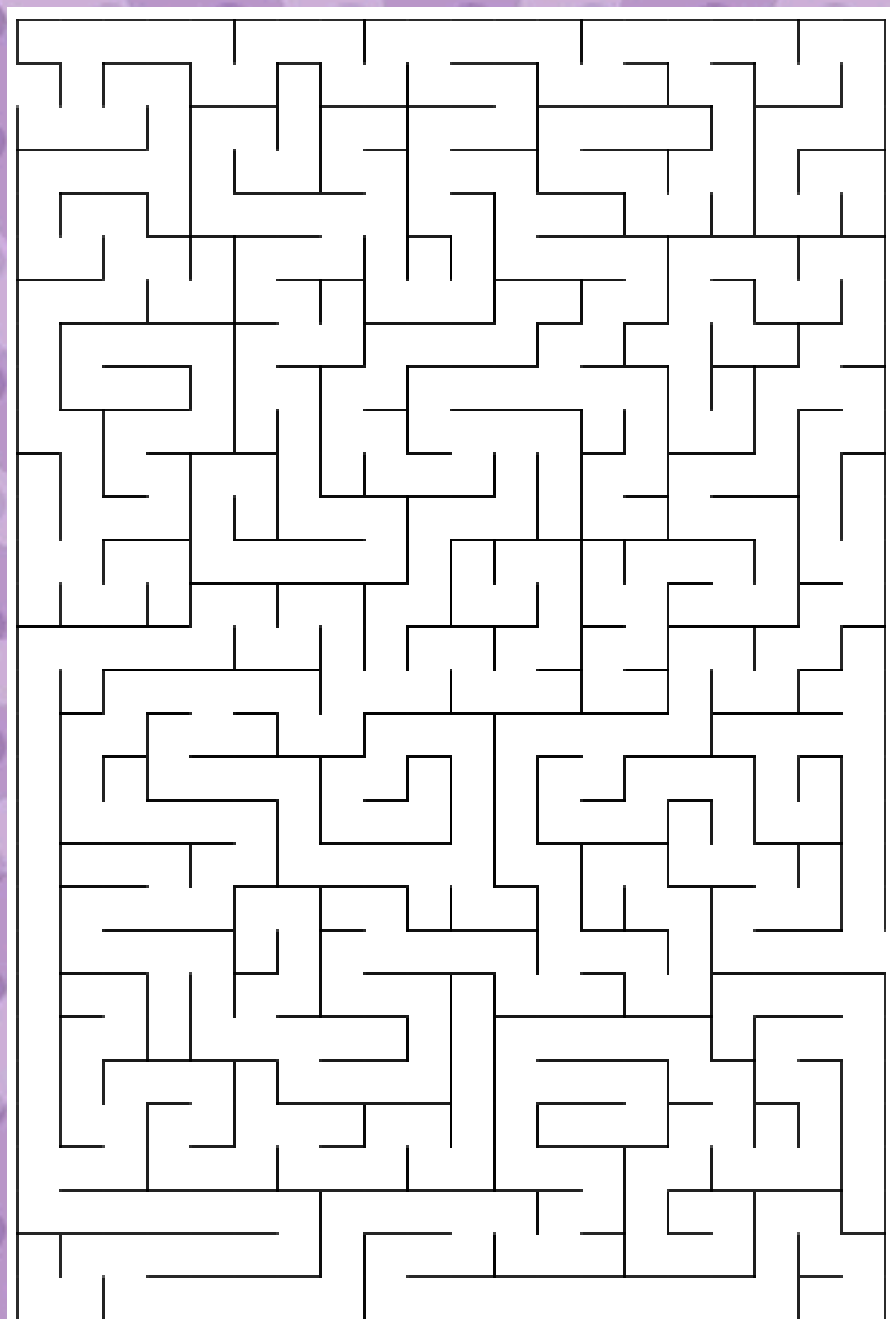

This is a wonderful place to go for fishing, picnics, flying kites on a windy day, or just taking a refreshing walk.

The canal was built in the 1940s and 1950s to solve a problem. People wanted to use the Mississippi River to ship items from Minneapolis, Minnesota all the way to New Orleans, Louisiana and the Gulf of Mexico.

BUT there is a thick 17 mile chain of rocks beneath the water surface and boats could not travel through it. So they made the 8.4 mile canal so that ships can safely pass by the dangerous chain of rocks.

Have you been to the Chain of Rocks canal, or the historic bridge that spans it?
