Kasasa Cash - Truth in Savings Disclosure

This disclosure contains the rules that govern your deposit account as of April 1, 2024

Account Overview:

Kasasa Cash: A free variable rate checking account with no minimum balance that rewards accountholders with dividends and nationwide ATM withdrawal fee refunds when they meet minimum qualifications during the account's Monthly Qualification Cycle.

Purpose and Expected Use of Account

This account is intended to be the accountholder's primary share draft account in which payroll transactions and day-to-day spending activities including but not limited to grocery, gasoline, apparel, shopping, dining, sporting and entertainment transactions are posted and settled.

Commensurate with the spending activities identified above, we expect the account's debit card to be used frequently throughout each month and for transaction amounts to reflect a wide dollar range. Small debit card transactions conducted on the same day at a single merchant and/or multiple transactions made during a condensed time period particularly near the end of a Monthly Qualification Cycle are not considered normal, day-to-day spending behavior. For example, five debit card transactions, each for a dollar, conducted at a convenience store, two days before the end of the cycle period would not be considered by our institution as normal, day-to-day spending behavior. These types of transactions appear to be conducted with the sole purpose of qualifying for the account's rewards and thus will be deemed inappropriate transactions and will not count toward earning the account's rewards.

NW Plus CU reserves the right to determine if the account is being maintained for a purpose other than day-to-day, primary use.

Accountholders who persist in making debit card transactions in a calculated and limited fashion in order to meet their monthly qualifications may have their accounts converted to a different share draft account or closed altogether. We also reserve the right to convert the account to a different share draft account if the account does not have consistent active use over 3 consecutive Statement Cycles.

We have the right to close this account at any time, with proper notice. Our decision to close the account will not affect your existing obligations to us including any obligation to pay fees or charges incurred prior to termination. No deposits will be accepted and no checks will be paid after the account is closed. If the account is closed, you will forfeit any rewards that have not been credited to your account. A NW Plus CU check for the remaining balance, if applicable, will be mailed to accountholder at the address indicated on our current records. Upon termination of your Kasasa Cash account, any optional add-on products / services associated with this account will also be terminated at the same time.

Dividend Rate & Annual Percentage Yield (APY)

- Compounding & Crediting:

Dividends will be compounded on a daily basis. Dividends will be credited to your Kasasa Cash account on the first business day of the next statement cycle. If you close your account before the dividends are credited, you will not receive the accrued dividends. Dividends begin(s) to accrue on the day you deposit noncash items (for example, checks).

"Statement Cycle" means the period of time for which NW Plus CU provides a summary of the financial activities and transactions that post and settle to the accountholder's account. Contact one of our branch service representatives for specific Statement Cycle dates.

- Balance Computation Method:

We use the daily balance method to calculate the dividends in your Kasasa Cash account. This method applies a periodic rate to the principal in the account each day for the period. The period we use is the Statement Cycle.

- Dividend Rate & Annual Percentage Yield:

When your Kasasa Cash account qualifications are met during a Monthly Qualification Cycle daily balances up to and including \$25,000 in your Kasasa Cash account earn a dividend rate of 5.00% resulting in an APY of 5.12%; and daily balances over \$25,000 earn a dividend rate of 0.20% on the portion of the daily balance over \$25,000, resulting in a range from 5.12% to 1.18% APY depending on the account's daily balance.

When Kasasa Cash qualifications are not met, ATM withdrawal fees are not refunded and the dividend rate earned on the entire daily balance in the account will be 0.03% resulting in an APY of 0.03%;
