

# PENNY'S CORNER

**HELLO, FRIENDS!** .....

Are you excited for the start of a new school year? I love visiting schools to meet new friends and teach them about banking and the importance of saving!

People usually save to prepare for a large purchase or an emergency. A savings account at a bank is an excellent place to keep your money! At a bank, your savings is safe and can actually earn a little extra money called interest just for being in a savings account.

You can also save your money in a piggy bank, jar, or box at home. Next time you receive cash as a birthday gift or earn money by doing chores or selling lemonade, put some aside in your savings account or piggy bank before you start to spend it. This is a great way to start saving !

What are some things you would like to save money for? I bet you'll reach your goal in no time!

## BEHIND THE SCENES AT SYNERGY

### MEET TABBY

LOAN PROCESSOR

**What subject in school helped you most in your career now?**

I use Math and English while at work daily!

**What are some of your job duties?**

I help create the documents for customers who need a loan. A loan is when someone borrows money from the bank.

**What is your favorite part of working at Synergy?**

I love volunteering with my coworkers! I enjoy being a Synergy team member in our community and meeting new people.

**Fun fact about you:** I love going to Disney World! I enjoy experiencing the food, atmosphere, shopping - everything except riding the rides. I also love to read and can read a giant book in just one day!

# DOLLAR BILL ART
