Richard "Buz" Buzby

August 12, 1938 - January 26, 2021

In life, you will come in contact with people who have the ability to see beyond "what is" to "what can be". These people are full of life and zeal. They seek to make a difference in the world and with enough grit, determination, and the right group of people on their side, they do!

Richard Buzby, or "Buz", one of the founding members of our credit union was one of those people.

For over 50 years, our credit union has been shaped, molded, and fueled by Buz's efforts and leadership. What started as a simple solution to what Buz saw as an injustice in the financial system has now evolved into the credit union we all know and love today.

Buz's life is a testimony to what can be achieved with hard work and selfless passion. There are no words that will ever amount to the gratitude we have for Buz and the legacy that he leaves behind. As we continue to press forward into the future, may we never forget the shoulders that we stand on today and the powerful yet simple focus of our mission - helping people!
