

Dashboard

The Banno Online dashboard is the hub where the end user can see their online banking information at a glance in categorized sections. The screen appears upon first logging on to Banno Online.

On the dashboard, users can view their account information, access money movement actions, view account activity, view remote deposits, and see messages and alerts.

The screenshot displays the JHA TEST BANK online banking dashboard for user Michael. The interface is dark-themed with a light sidebar on the left. The sidebar contains navigation options: Dashboard, Accounts, Transfers, Payments, Deposit checks, Messages (with a notification badge), Insights, Additional Services, and Support. The main content area features a greeting 'Hi, Michael' and a section for 'Accounts' with a grid of account cards. Each card shows the account name, ID, balance, and availability. Below the accounts is a row of action buttons: Transfer, Deposit, Pay a bill, Pay a person, Message, Send money with Zelle, and Member transfer. The 'Transactions' section shows a list of recent transactions with amounts ranging from \$25.00 to \$1,522.17. The 'Messages' section displays a 'Holiday Hours' alert. The right sidebar contains the JHA TEST BANK logo, contact options (Locations, Call, Message, Info), and a 'Transfers' section with a 'Make a transfer' button and a list of scheduled transfers to Savings.

JHA TEST BANK
