

Funds Availability Disclosure

When a deposit is made to your account at St. Mary's Credit Union (SMCU), the funds may not be available immediately. For example, if you deposit a check on Monday, you may not be able to withdraw the funds from that check, and we may not pay another check with those funds, until Tuesday or even later. See the *Availability Timeline* below for details about when you can use the funds from different types of deposits.

If you withdraw funds from a check deposit, and the check is later returned unpaid, we may charge the check back to your account.

Availability Timeline for Deposits to Established Accounts

Below is our general policy for deposits to accounts open for more than 30 days. **Longer delays may apply**, and different rules apply for **checks deposited to accounts open 30 days or less** (see page 2).

What is a "Business Day"?

A business day is any day of the week except Saturday, Sunday, and Federal holidays.

A deposit made at a branch location during business hours is considered deposited that day. A deposit made on a non-business day (i.e. Saturday), or a day we are closed, is considered deposited the next business day.

A deposit made at an SMCU automated teller machine (ATM) on a business day before 6:00 pm is considered deposited that business day. A deposit made after that time, or on a day we are closed, is considered deposited the next business day.

A mobile deposit made before 4:30 pm is considered deposited that business day. A deposit made after that time, or on a day we are closed, is considered deposited the next business day.

We are not responsible for transactions by mail until we actually record them. We will treat and record all transactions received after close on a business day we are open, or received on a non-business day (i.e. Saturday) as if initiated on the second business day that we are open.

Check Cashing, Immediate Availability, and Holds on Other Funds

We may cash a check or make a check deposit available immediately if you have funds to cover that check in any of your accounts with us. If we do, we will hold those funds (equal to the amount of the check) in your other account(s) according to the timelines described elsewhere in this policy.

Longer Delays May Apply

Funds from check deposits may be delayed for up to **five business days** if:

- We believe a deposited check will not be paid.
- You deposit checks totaling more than \$6,725.00 on any one day.
- You redeposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last 6 months.
- There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your ability to withdraw funds, and we will tell you when the funds will be available. If you will need the funds from a deposit right away, you should ask us when the funds will be available.

Availability Timeline for Deposits to New Accounts (Open 30 Days or Less)

An account is considered a new account if it has been open for 30 days or less, unless each of the members on the account have other transaction accounts at SMCU that have been open for 30 days.
