Our Youngest Savers.

Our Pee Wee Penguin program for ages 0-12, enables them to learn at a young age how to manage money and have fun doing it!

BENEFITS

- Gift when opening account
- Special savings incentives
- Birthday gift
- Pee Wee savings chart
- Special events and activities
- Access to fun and educational online games and activities

Scan here for games, activities, and more fun ways to learn!

A GUIDE FOR PEE WEE PARENTS

- **Teach the concept of “working & earning” when they are young.**
 - For younger kids, it can be as simple as a sticker chart to reward your child when they help with age-appropriate chores. Allow them to “cash-in” their stickers for a prize or treat!
 - Play “restaurant” or “store” with your child. It’s okay for them to know that “stuff” costs money.
 - Create a cash allowance structure that fits within your own budget.
- **Set savings goals.**
 - Visit our website to download or print a free Pee Wee Savings Chart
 - Help them decide what they want to save for
 - Update their savings chart frequently to keep them interested
- **Encourage them to use creativity to find new ways to make money!**
 - Extra chores, lemonade stands, washing cars, walking dogs, etc. Encourage their creativity. They might just grow up to be entrepreneurs!
- **Teach them about wants versus needs.**
 - The real-world costs money. Take them shopping and let them pay for that treat at check-out that they “need” to have.
- **Have fun with it!**
 - Bring them along on a trip to the credit union, especially during their birthday month to pick a special gift from Pee Wee’s Treasures!
